

the forever learning training programme

a nationally accredited client learning programme designed to be delivered by front line service delivery staff.

forever learning programme

The Forever Learning Programme has been designed to complement existing services within your agency; it provides a creative and seamless approach to meeting the needs of clients in any Housing, Supported Housing or person centred support environment.

Forever Learning is a nationally accredited practical learning programme designed to engage people in activities that:-

- Support the person to maintain and manage their own accommodation.
- Develops and maintains the necessary skills and confidence to live as independently as possible.
- Can help to prevent homelessness and associated personal barriers.
- Encourage and facilitate Community Engagement and Citizenship.
- Maximise and enhance opportunities in education, training and or employment.

benefits to the client/ service user

- Encourages and supports making personal choices about own self development and lifestyle, whilst living independently.
- Improved services and the best possible personal outcomes in line with learning/support plan.
- Increased confidence and self-esteem.
- Better understanding of their own personal issues and health, with increased skills in being able to manage independent living.
- Promotes inclusion, participation and a sense of well-being and belonging.
- A supported lifelong and personalised accredited learning plan, with on-going recognition through credits gained and certificates awarded.

benefits to your organisation/agency

- A programme that maximises current levels of frontline staff and existing resources, whilst fitting into your client service delivery models.
- Trained staff that are equipped to support service users in effectively achieving their own personal outcomes.
- Consistent approach that provides evidence of adding value to services and enhancing outcome focused delivery models.
- A valuable source of data results for use in monitoring and evaluation of services. Additionally for supporting client/ service user consultation and collecting case studies.
- A simple approach that can be used consistently used throughout your Organisation and it's variety of services, whilst adding value, and being value for money for funders!

Each area/unit of learning is accredited and certificated by Agored Cymru (a Wales based Awarding Body). The framework of units are available at various levels from Entry Levels, Level 1 and up to Level 2. All units have a credit value that offers the client a way of measuring and valuing transferrable learning that stays with them for life!
